

# ESPEE

## « Entente Sportive de Promotion de l'Écime Elite » Sports Agreement for the Promotion of Elite Fencing

### **Pledge of the ESPEE TEAM:**

Joining TEAM ESPEE is a choice!

ESPEE defends a culture that does not always coincide with what is proposed by the social model that we observe in this new millennium.

We choose to behave according to the ESPEE TEAM involvement or not: living your values requires courage, determination. It is risk-taking, especially today, in a society where performance, results and profit take precedence. It is often easier to complain, accuse the other and criticize than to take responsibility and act accordingly.

**I am committed to:**

- **have a fraternal behaviour with the other members of Team ESPEE.**
- **never refuse an invitation to fence.**
- **greet and be courteous with his opponent and his companions.**
- **be loyal to my Club, to my Master.**
- **show self-discipline, be courageous.**
- **have good manners, keep my word, stay humble.**
- **be generous and caring towards others (gender, age, origin, disability).**
- **know how to lose and ... remotivate myself immediately (because only work allows victory and defeat must be a learning experience).**
- **In all circumstances keep smiling and good mood.**
- **refrain from cheating or undeserved rewards.**
- **wear the "colours" of ESPEE (coat of arms on the shoulder of the unarmed arm of the jacket), defend and promote the values of the Team.**

Any proven breach of these rules will result in the eviction of the TEAM.
